

LOUISIANA COLLECTION MAPS

MAP FINDING AID

The maps are located in five different cabinets and a rolled area, which is in front of cabinet 2. Cabinet 1 is located on the northern side of the stacks (left when entering from the reading room) to the left of the Carnival Collection. Cabinets 2-5 are located against the wall on the UC/Fogelman Arena side of the building. Each map has a three part number on the upper right hand corner of both the card in the reading room and on the back of the map, which gives the case number, drawer number, and then folder number of each map. *For alphabetical listing, refer to Map Drawers in Reading Room.*

Note: When locating Louisiana Department of Transportation and Development Parish maps, years, which the library has, are checked on the card.
